

Copenhagen, May 2026

Letter of Recommendation - Mathilde Ekholm

Mathilde Ekholm joined EMBACO Global A/S in November 2024 as a Marketing SoMe Assistant, working approximately 10-15 hours per week alongside her studies. Reporting directly to me, she has been responsible for digital communication across our social media channels as well as ad hoc tasks related to our company websites. Mathilde is completing her degree in the summer of 2026 and has decided to conclude her student position with us at this time.

Mathilde is well-organised and keeps a clear overview of her responsibilities. She communicates clearly, is a pleasure to work with and brings genuine enthusiasm to everything she takes on. She has been a natural and positive presence in the team.

During her time at EMBACO, Mathilde's work has covered the following areas:

Design and Visual Communication

- Creating visual assets for social media and websites
- Maintaining a consistent visual identity across digital platforms through colour, layout & design
- Retouching and editing images and visual content creation in Photoshop

Digital Content

- Writing B2B LinkedIn posts in both Danish and English
- Planning and managing the content calendar for two business units
- Editing videos and pairing imagery with messaging to build a consistent visual look

Website

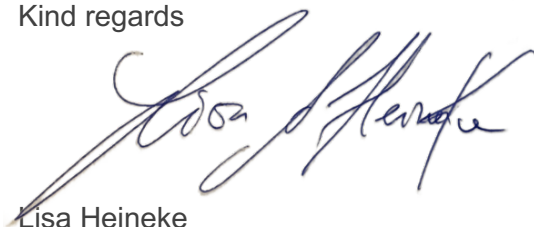

- Updating and maintaining content in WordPress
- Adjusting copy and visuals to suit the websites

Mathilde manages a wide range of tasks across design, content and ongoing digital maintenance with focus and reliability. She has a feel for visual and graphic work, and her contributions have aligned the visual consistency of our digital presence.

As a colleague, Mathilde is warm, easy to work with and consistently engaged. She keeps colleagues well-informed about her work and progress, which makes day-to-day collaboration straightforward.

I wish Mathilde all the best in her next chapter of her career and recommend her with my best wishes for what lies ahead.

Kind regards

Lisa Heineke
Brand & Marketing Manager
